Subject No. 356.

(a) Accommodation for in-patients.

Mr. Arunachalla Sastri.

(b) Construction of a Dispensary for women.

Mr. Arunachalla Sastri.

(a) *Summary of discussion.*—There is a population of 12,000 souls at Chikballapur; so an in-patient ward to accommodate 12 or 13 patients may be ordered to be built.

Reply of Government.—Noted.

(*b*) *Summary of discussion.*—A dispensary for women should be constructed.

Reply of Government.—Referred to the Senior Surgeon.

Subject No. 357.

Construction of a tank near Banderhalli and Kottur.

Mr. Sanjiva Gowda.

Summary of discussion.—There is not a single large tank in the Thondebavi hobli. A *halla* runs from Subramanya and joins the North Pennar near Banderhalli and Kottur. If a tank is constructed there, it would be profitable to several villages and the Government as well.

Reply of Government.—Will be investigated.

Subject No. 358.

Local Fund Board proceedings in Kanarese.

Summary of Discussion.—Proceedings of the Local Fund Board are drawn up in English. Some of the members are ignorant of that language. The proceedings are written in Kanarese in other districts and published in the *Mysore Gazette*. Similar arrangements may be made here also.

Reply of Government.—May be done.

TUMKUR DISTRICT.

Subject No. 359.

Revision of miras to village servants.

Mr. Sreekantiah.

Summary of discussion.—It is prayed that a seer of grain per acre or some cash allowance equivalent to it may be levied on dry lands as miras to minor village servants instead of the exorbitant rate of three seers per acre on wet or dry lands now prevailing in the Maddagiri Taluk.

Reply of Government.—Disposed of under General Subjects.

Subject No. 360.

Extension of the Chandanadur tank.

Mr. Sreekantiah.

Summary of discussion.—Chandanadur tank in the Goribidnur Taluk, which irrigates certain lands in the Maddagiri Taluk, may be enlarged. Raiyats have already offered contributions.

Reply of Government.—Referred to the Chief Engineer for investigation.

Subject No. 361.

Increase of Tasdik amount to certain temples at Maddagiri.

Mr. Nanjunda Shetty.

Summary of discussion.—In Maddagiri, temple service is not at present well conducted owing to the negligence of temple servants, who are paid low, and on account of the small sums allotted for *deeparadhane* etc. It is prayed therefore that the Tasdik amount for the Venkataramswami and Malleswaraswami temples be raised from Rs. 6 to Rs. 10 for the better conducting of the temple services.

Reply of Government.—This is not feasible.

Subject No. 362.

Raising of ane across the Sirisha river.

Mr. A. Singalachar.

Summary of discussion.—(*a*) The *ane* across the Sirisha river breached 30 years ago and only a part of it is now in good repair. If the same is thoroughly repaired and raised by three feet, an extent of about 2,000 acres will be

brought under cultivation. The raiyats have given a muchalika to Government agreeing to pay proper contribution and the Public Works Department surveyed it last year. As the raising of this *ane* is useful to raiyats and profitable to Government, early orders are solicited in the matter.

(*b*) If, however, Government cannot undertake to repair and raise the *ane*, permission may be granted to the raiyats to undertake the work at their own expense on condition of their being allowed to enjoy the lands thereunder, paying only dry rates.

Reply of Government.—Noted.

HASSAN DISTRICT.

Subject No. 363.
(a) Dispensary at Grama.
Mr. Srinivasa Murti.

(*a*) *Summary of discussion.*—The deputation of the Hospital Assistant to visit Grama twice a week has not yet been given effect to. It is prayed that this may be ordered early. Grama is 9 miles from Hassan. It contains a large population.

Reply of Government.—This will be disposed of soon.

(b) Anglo-Vernacular School at Grama.

(*b*) *Summary of discussion.*—An Anglo-Vernacular School may be established at Grama.

Reply of Government.—Government do not look upon this with favour.

Subject No. 364.
Restoration of a breached anicut.
Mr. Srinivasa Murti.

Summary of discussion.—It is desirable that the breached anicut across the Hemavati near Bhartur, Hsasan Taluk, or the anicut across the Hemavati at Kabbarle, should be restored early, as it is likely to bring about 3,000 acres of land under wet cultivation and to prove a remunerative scheme. If the former is impracticable, at least one at Kabbarle may be restored.

Reply of Government.—Referred to the Chief Engineer for investigation.

Subject No. 365.
Construction of a road from Hole-Narsipur to Channarayapatna.
Mr. Venkataramiah.

Summary of discussion.—It is requested that the construction of a road from near Channarayapatna to join the Hemavati bridge at Hole-Narsipur may be taken in hand as an alternative to constructing a bridge across the Hemavati at Ganni, as people are put to considerable inconvenience. If not, Channarayapatna may be added on to the Hassan Munsiff's Court's jurisdiction.

Reply of Government.—Referred to the President, Local Fund Board, and to the Chief Court about change of jurisdiction of Munsiff to Hassan on account of the difficulty of a bridge.

Subject No. 366.
Transfer of the Annachattram at Grama to Hirisave.
Mr. Venkataramiah.

Summary of discussion.—The *annachattram* which is now at Grama is not made use of by travellers from Channarayapatna to Hassan and *vice versa*, as they seldom halt at Grama or at any intermediate station, whereas travellers
